

**Southern Moon Yedda Hawthorn**  
*Raphiolepis umbellata 'RutRhaph1'*

Height: 6 feet

Spread: 8 feet

Sunlight: ☉ ●

Hardiness Zone: 6

Other Names: Yeddo Hawthorn

**Description:**

A compact, dense, self-mounding variety producing profuse clusters of white flowers in spring; vigorous and highly disease resistant; excellent accent or foundation shrub; can be maintained as a screen or hedge

**Ornamental Features**

Southern Moon Yedda Hawthorn features showy clusters of white flowers at the ends of the branches from early to mid spring. It has attractive dark green evergreen foliage which emerges light green in spring. The glossy oval leaves are highly ornamental and remain dark green throughout the winter.

**Landscape Attributes**

Southern Moon Yedda Hawthorn is a dense multi-stemmed evergreen shrub with a mounded form. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

This is a relatively low maintenance shrub, and should only be pruned after flowering to avoid removing any of the current season's flowers. Gardeners should be aware of the following characteristic(s) that may warrant special consideration;

- Disease

Southern Moon Yedda Hawthorn is recommended for the following landscape applications;

- Accent
- Hedges/Screening
- General Garden Use

### **Planting & Growing**

Southern Moon Yedda Hawthorn will grow to be about 6 feet tall at maturity, with a spread of 8 feet. It has a low canopy, and is suitable for planting under power lines. It grows at a medium rate, and under ideal conditions can be expected to live for approximately 20 years.

This shrub does best in full sun to partial shade. It prefers to grow in average to moist conditions, and shouldn't be allowed to dry out. It may require supplemental watering during periods of drought or extended heat. It is not particular as to soil type or pH. It is somewhat tolerant of urban pollution. This is a selected variety of a species not originally from North America.
